## Application Guide: Certificate of Authorization for a Professional Corporation – Social Service Work

---

As a result of amendments to the *Social Work and Social Service Work Act* (the "SWSSW Act") and the Ontario *Business Corporations Act* (BCA), and the bylaws made under the Act, social workers and social service workers are now permitted to incorporate for the purpose of practising social work or social service work, provided that they obtain Certificates of Authorization from the Ontario College of Social Workers and Social Service Workers (the "College"). The new provisions outline the conditions and requirements that must be met in order to obtain a Certificate of Authorization from the College, and include:

- all of the issued and outstanding shares of the corporation must be legally and beneficially owned by one or more social workers, who hold a general certificate of registration issued by the College, in the case of a corporation that proposes to practise social work or by one or more social service workers who hold a general certificate of registration issued by the College, in the case of a corporation that proposes to practise social service work
- all officers and directors of the corporation must be shareholders of the corporation
- the articles of the professional corporation must provide that the corporation cannot carry on a business other than the practice of social work, in the case of a corporation that proposes to practise social work, or social service work in the case of a corporation that proposes to practise social service work, and activities related to, or ancillary to, the practise of such profession
- the name of the corporation must include the words "Professional Corporation" or "Société professionnelle" and comply with the rules respecting the names of professional corporations set out in the regulations made under the BCA and with the rules respecting names set in the bylaws made under the SWSSW Act
- the name of the corporation must include the surname of one or more of the shareholders of the corporation as the surname is set out in the College register and also may include the shareholder's given name, one or more of the shareholder's initials or a combination of given name and initials
- the name of the corporation must include either "Social Work" or "travail social" in the case of a corporation, which proposes to practise social work, or "Social Service Work" or "techniques de travail social" in the case of a corporation, which proposes to practise social service work

- the name of the corporation must not include any information other than the information permitted or required by the above, except that the College may require the addition of a word or words indicating the geographic area in which the corporation proposes to practice
- in the case of a corporation, which proposes to practise the profession of social work, each of the shareholders of the corporation must hold a general certificate of registration for social work issued by the Registrar and be a member in good standing and
- in the case of a corporation, which proposes to practise the profession of social service work, each of the shareholders of the corporation must hold a general certificate of registration for social service work issued by the Registrar and be a member in good standing.

In order to obtain a Certificate of Authorization issued by the College, a corporation must complete and submit to the College an application for a Certificate of Authorization, in a form approved by the College, along with certain information and documents as required by the bylaws made under the SWSSW Act. If a member of the College wishes to do so, a member may apply to the College for a certification regarding the proposal name of the intended corporation. You may wish to refer to section 3.2 of the BCA and bylaw No. 46 of the College.

### **APPLICATION FOR A CERTIFICATE REGARDING PROPOSED CORPORATE NAME**

A member of the College may apply to the College for a certificate regarding the proposed name of the intended corporation by completing the Application for a Certificate regarding Proposed Corporation Name and paying the \$100 fee. The College will consider the application. If the College is satisfied that the proposed name meets the requirements regarding a corporate name (see below under "Corporate Name"), the College will issue a certificate that the College does not object to the establishment of a professional corporation under the name proposed by the member. A certificate issued in response to the application does not reserve the name and does not mean that the Director appointed under the Business Corporations Act has approved the name. A member of the College is not required to apply to the College for a certificate regarding the proposed corporate name.

### **APPLICATION FOR CERTIFICATE OF AUTHORIZATION FOR A PROFESSIONAL CORPORATION**

There are four sections of the Application for a Certificate of Authorization, which must be completed. If the corporation proposes to practise social work, complete the application and accompanying documents that relate to social work. If the corporation proposes to practise social

service work, complete all sections of the application and accompanying documents that relate to social service work.
