b) requirements for registration

*** SAME AS LAST YEAR ***

The requirements for registration are set out in the SWSSWA, the Registration Regulation made under the Act, registration policies approved by Council of the College, and bylaws of the College. As above, prospective members may read the SWSSWA and the Registration Regulation through a link on the College website.

In everyday language, the requirements for registration, as indicated in 1 a) above can also be found on the application forms and the corresponding Registration Guides; in answers to "Frequently Asked Questions"; through personal contact by e-mail, fax, telephone and in office meetings with College staff; and through formal presentations at academic institutions, and a variety of social service and health care settings throughout the province.

c) explanation of how the requirements for registration are to be met, such as the number of years of schooling required for a degree to be deemed equivalent to an Ontario undergraduate degree, length and type of work experience, credit hours or program content

*** SAME AS LAST YEAR ***

1. The College website describes how the requirements for registration are to be met. The website is designed to guide prospective applicants to the appropriate section of the website based on their academic qualifications. In each registration section, applicants will find links to other relevant registration information.

2. Prospective applicants who call or e-mail the College and request an application package will find information about meeting the registration requirements in the materials mailed to them.

3. As above in 1 a) information about how the registration requirements are to be met is communicated through formal and informal avenues.

d) any education or practical experience required for registration that must be completed in Ontario or practice that must be supervised by a member of the profession who is registered in Ontario

*** SAME AS LAST YEAR ***

The Registration Regulation requires that an applicant must have engaged in the practice of social work within the five years immediately before the date of the application or otherwise satisfy the Registrar that he or she is competent to perform the role of a social worker. This requirement does not apply to an applicant who has obtained the academic qualifications, or the academic qualifications and experience, required for registration within the five years immediately before the date of the application.

There is no requirement that education or practical experience be completed in Ontario; or that practice must be supervised by a member of the profession who is registered in Ontario.

This is communicated on the College website in the "Registration" section.

2. The Registration Regulation sets out the requirements for a general certificate of registration for social work to be issued under section 18(1) of the SWSSWA:

Sections 7 (1) 1. i and ii of the Registration Regulation refer to applicants who respectively:

(i) obtained a degree in social work from a social work program accredited by the Canadian Association for Social Work Education (the "CASWE") or a degree from a social work program or equivalent program offered in Canada and approved by Council as equivalent to a social work program accredited by the CASWE; or,

(ii) obtained a degree from a social work program offered outside Canada and approved by Council as equivalent to a social work program accredited by the CASWE. This relates to applicants who obtained degrees in social work from social work programs in the USA which are accredited by the Council on Social Work Education (the "CSWE") or applicants who obtained a social work degree from a country other than Canada or the USA, and their social work academic credentials were evaluated by the Canadian Association of Social Workers (the "CASW") as equivalent to at least a Canadian B.S.W.

As noted above, all applicants are required to provide information regarding their competence to perform the role of a social worker within the five years immediately before the date of the application. A Supplemental Form Regarding Competence to Perform the Role of a Social Worker has been developed for the applicant's use, if applicable. The information provided on this form constitutes part of the application for registration.

3. Section 7.(1)1.iii of the Registration Regulation refers to applicants who have a combination of academic qualifications and experience that the Registrar determines is substantially equivalent to the qualifications required for a degree in social work from a social work program accredited by the CASWE. The "Registration Policy of the College Regarding Academic Qualifications and Experience Substantially Equivalent to a Degree in Social Work" guides the Registrar's determination. The academic requirement; the experience requirement; and the supervision requirement are described in the relevant section of the College website: "Applicants with no SW degree - "Graduates of non-accredited Canadian and American Social Work programs or Graduates of Degree Programs that are not in Social Work" (Note: There is a separate section of the website that provides information to Applicants with International Social Work credentials). Applicants applying on the basis of a combination of academic qualifications and experience are not limited to having obtained their academic credentials, or experience or supervision within Ontario or Canada.

As above in 1 a), prospective members who wish to apply for a certificate of registration based on a combination of academic qualifications and experience will find detailed information by way of: the College website; the application form and corresponding Registration Guide, which also includes a detailed description

of the registration criteria and provides the required supporting documents; and through e-mail, telephone, fax, and in office meetings with College staff. College staff will fax or mail copies of the registration policy upon request.

e) requirements that may be satisfied through acceptable alternatives

*** SAME AS LAST YEAR ***

The College website informs prospective applicants to contact the College to discuss acceptable alternatives to satisfy requirements. The Registrar reviews each situation on a case-by-case basis.

f) the steps in the assessment process

*** SAME AS LAST YEAR ***

As above in 1 a) the College website, the student brochure, presentations at academic institutions and work place settings, information communicated by College staff through e-mail, telephone, fax and in person meetings, each provide a prospective applicant with information about the assessment process. Prospective applicants will also find information about the steps in the assessment process in the Career Map - "Access to the Social Worker and Social Service Worker Designation in Ontario", and the Fair Registration Practices Reports as well as the Audit of Registration Practices Report.

g) the documentation of qualifications that must accompany each application; indicate which documents, if any, are required only from internationally trained applicants

*** SAME AS LAST YEAR ***

The College website and registration guides provide information regarding all required documentation. All applications and forms are available for download from the website or may be mailed upon request.

All applicants are required to have submitted on their behalf original/official verification of their academic credentials directly from the academic institution or the CASW, as the case may be.

1. In the case of social work graduates from Canadian or American accredited social work programs by the CASWE or the CSWE respectively, verification of academic credentials must be received at the College directly from the academic institution.
2. In the case of applicants applying on the basis of a combination of academic qualifications and experience, verification of academic credentials must be received at the College directly from the academic institution. Independent evidence of their experience in the role of a social worker and supervision by a social worker must be forwarded directly from the employer/supervisor on the form provided in the application package. Forms can be downloaded from the College website.
3. In the case of applicants who obtained their social work academic credentials from social work programs outside Canada and the United States, the College requires a letter regarding the outcome of the evaluation of their international social work credential directly from the CASW. The applicant is NOT required to submit another set of official/ original transcripts to the College.

The College website directs prospective applicants with international social work academic credentials to the CASW website. The CASW website outlines its requirements for an evaluation of the international social work academic credentials. The CASW website also provides information about the length of time the CASW will take to evaluate the equivalency of international social work academic credentials once all documents have been received at the CASW office.

4. All applicants whose academic qualifications are in a language other than English or French are required to ensure these documents are translated into English or French. The College website provides a link to translation services. It has been the College's experience that most applicants who obtained their social work academic credentials internationally, contact the CASW prior to applying to the College. As such, translated documents are more likely to be submitted to the CASW. The College has received only a few translated documents.

5. All applicants who answer "No" to all the questions regarding Language Fluency (proficiency) are required to ensure their test scores are sent directly from the testing agency to the College. The names of acceptable testing agencies which are approved by Council of the College are provided on the College website.

6. Applicants who received a Certificate in Canadian Social Work Practice from Ryerson University's Internationally Educated Social Workers Bridging Program (IESW) and apply to the College no later than December 31 of the year in which they receive this certificate are eligible for a reduction of the registration fee and for a reduction of the annual fee for the two following years, provided the annual fee is submitted to the College by the required date. A certificate of completion must be received directly from Ryerson. (Note: Participation in the Ryerson University IESW Bridging program is not a requirement of registration in the College).

7. Prospective applicants who are registered to practice social work in another Canadian province or territory are required to have their current regulatory authority complete and forward to the College, the In Good Standing Certificate. The blank Form is available on the College website.

8. A Supplemental Form Regarding Competence to Perform the Role of a Social Worker is to be completed, if applicable. If the applicant did not obtain his or her academic qualifications within the five years immediately preceding the date of application and has also not engaged in the practice of social work within the five years immediately before the date of the application, he or she must submit a Supplemental Form with the application.

*** SAME AS LAST YEAR ***

1. The College website invites prospective applicants to contact the College by e-mail, telephone, fax or in person to discuss their individual situations.

2. Typically, the CASW would receive social work academic credentials on behalf of an applicant who obtained their academic social work credential internationally. There have been no situations where Canadian or American educated social work applicants were unable to provide independent evidence of their academic qualifications.

3. Information about contacting the College can be found in the Career Map - "Access to the Social Worker and Social Service Worker Designation in Ontario", which is posted on the website of the Ontario Ministry of Citizenship and Immigration.

4. Information about contacting the College can be found in previous "Fair Registration Practices Reports" which are available through the College website and are also linked from the Office of the Fairness Commissioner website.

At this time, the applicant may also be informed of noted omissions with the application form.
2. If an application form is incomplete, or the College has difficulty processing payment, a letter is forwarded to the applicant outlining the outstanding issues within 1-2 weeks of receipt by the College.
3. Following this, the College has introduced an internal practice that sets out a communication schedule to applicants when an application is incomplete. Reminder letters are forwarded at approximately two month intervals. Staff will also use e-mail and telephone contacts to expedite the process.
4. College staff respond to inquiries by e-mail, fax, and telephone, as well as meet with visitors to the office.
5. With specific written permission from an applicant, the staff will speak with a third party regarding the status of an applicant's application.
6. In the case of an applicant who is applying for a general certificate of registration based on a combination of academic qualifications and experience, the College may require additional information from the applicant's employer or supervisor. In these instances, the College will copy the letter to the applicant.

Provision of Timely Decisions, Responses and Reasons (3 / 13)

a) What are your timelines for making registration decisions?

*** SAME AS LAST YEAR ***

Once all required documents and the correct fees are received, the following timelines are in place for making registration decisions regarding an applicant's registration with the College:

Note that every effort is made to accede to requests from applicants who require an expedited review of their application.

1. Four to six weeks

- Applicants who produce documentation satisfactory to the Registrar that shows that the applicant obtained a degree in social work from a social work program accredited by the Canadian Association for Social Work Education, (the "CASWE"), or has obtained a degree from a social work program or an equivalent program offered outside Canada and approved by Council as equivalent to a social work program accredited by the CASWE.

Note: The majority of applications from individuals who obtained an evaluation of their international social work academic credentials by the Canadian Association of Social Workers (the "CASW"), and where the evaluation determined their social work academic credentials are equivalent to at least a Canadian BSW, are processed within this time frame.

2. Seven to sixteen weeks:

- Applicants who have disclosed any findings or proceedings in relation to professional misconduct, incompetence or incapacity;
- Applicants who have disclosed any finding of guilt in relation to a criminal offence, an offence under the Controlled Drugs and Substances Act (Canada) or the Food and Drugs Act (Canada) or any other offence relevant to the applicant's suitability to practice social work. In these cases additional information may be required before the Registrar renders a decision regarding registration.

3. Greater than sixteen weeks:

- Applicants who produce documentation that demonstrates that the applicant may have a combination of academic qualifications and experience that the Registrar determines is substantially equivalent to the qualifications required for a degree in social work from a social work program accredited by the CASWE. These applications are very detailed and complex. This results in a lengthy processing time. The Registrar must consider the applicant's successful completion of the required courses in the academic program; course content, the practical experience and the supervision received by a social worker in order to determine substantial equivalence.

b) What are your timelines for responding to applicants in writing?

The College has established registration practices for processing applications:

- Applicants are mailed an acknowledgement letter within two to three business days of the College receiving the application form. When applicable, there is a reminder that academic verification is required.
- E-mail, fax and telephone inquiries are responded to by College staff within two to three business days.
- Letters regarding problems with payment of the fees or problems with an incomplete application form are forwarded at the time of the acknowledgement letter or within one to two weeks of receiving the application.
- An internal office practice sets out a communication schedule to provide applicants with notice that their application remains incomplete after which if still incomplete after an additional 60 days, it is closed.
- Letters from the Registrar seeking further information regarding an applicant's conduct are forwarded within one to two weeks of the Registrar initially reviewing the application.
- Letters from the Registrar seeking an applicant's consent to a term, condition and limitation are forwarded to the applicant within two to four weeks of the Registrar reviewing the application.
- Applicants who are issued a certificate of registration are mailed a letter confirming registration within several days, followed by a resource package with their certificate of registration within: a) one week to two weeks in the first quarter of the year; and, b) two to three weeks in the second, third, fourth quarters of the year (New members receive a prorated refund of the registration fee in the second, third and fourth quarters of the year which requires a number of additional administrative controls).
- Timelines respecting decisions of the Registration Appeals Committee are set out in the SWSSWA.

c) What are your timelines for providing written reasons to applicants about all registration decisions, internal reviews and appeal decisions?

*** SAME AS LAST YEAR ***

1. As stated above, the Registrar will communicate a decision regarding registration to an applicant within four to six weeks, seven to sixteen weeks or later than sixteen weeks after receiving all required documentation and payment of correct fees. When an applicant is issued a certificate of registration, the new member's information is placed on the College register within one business day.
2. Applicants who receive a Proposal of the Registrar to refuse to issue a certificate of registration will receive a written document that outlines all the areas considered by the Registrar and the reasons for the proposal.
3. The SWSSWA sets out the obligations of the Registration Appeals Committee. Section 21(7) of the SWSSWA addresses "Service of decision on parties" and states that "the Committee shall give its decision in writing to the Registrar with reasons within 60 days after considering the request for review, and shall serve the applicant with a copy".

Internal Review or Appeal Processes (6 / 13)

In this section, describe your internal review or appeal process. Some regulatory bodies use these two terms (*internal review* and *appeal*) for two different processes, some use only one of these terms, and some use them interchangeably. Please use the term that applies to your profession. If you use both terms (for two different processes), please address both.

a) List your timelines for completing internal reviews or appeals of registration decisions.

*** SAME AS LAST YEAR ***

An applicant is informed of their right to request a review of the Registrar's Proposal by way of the letter that covers the Registrar's Proposal and reasons. The applicant is afforded 60 days from the date of the

Registrar's Proposal to request a review in writing to the Registrar. When an applicant requests a review by the Registration Appeals Committee, the review by the Committee only commences once all submissions for the review have been received and the applicant has had the opportunity to review the file contents.

i. State the number of internal reviews or appeals of registration decisions that exceeded your timelines.

None. The Committee will consider a review once all documents are received and the applicant has had an opportunity to make submissions on the file contents. The Committee has met its timelines as set out in the SWSSWA.

As a note, the Committee may, during the course of its review, determine that it requires more information from the applicant or a third party on behalf of the applicant. If this is the case, the Committee will adjourn the review and direct College staff to write to the applicant. Typically, an applicant is informed that additional information is to be received within a specified time frame. This has not affected the timelines of the Committee.

The Committee has made efforts to address waiting lists and has increased the number of files reviewed at each meeting.
The Committee continues to meet monthly.

ii. Among internal reviews or appeals that exceeded your timelines, state the number that were from internationally trained applicants.

Applicants are provided with the following opportunities to make submissions regarding the review:

1. In the letter covering the Proposal of the Registrar, the applicant is informed of their right to request a review and is informed that they may provide written submissions with their request.
2. Once a request for review is received by the College, an applicant is provided with copies of the documents the Committee intends to consider on the review. The applicant is informed that they may make written submissions on any of these documents within 30 days from the date of the letter.
3. If the College receives documents by a third party on behalf of the applicant, copies of third party documents are forwarded to the applicant. The applicant has an additional 30 days to make submissions on these third party documents.

c) Explain how you inform applicants about the form in which they must make their submissions (i.e., orally, in writing or by electronic means) for internal reviews or appeals.

*** SAME AS LAST YEAR ***

The following are the methods through which the College informs applicants about making their submissions:

1. The cover letter to the Registrar's Proposal specifies that the request for review and any submissions must be in writing.
2. In the letter forwarded to applicants by the Committee, which encloses all documents which it intends to consider, the applicant is informed that they may make written submissions.
3. In the letter forwarded to applicants which encloses copies of submissions from third parties received on their behalf, the applicant is informed that they may make written submissions.
4. Information about the Registration Appeals process and the Registration Appeals Committee's mandate can be found on the College website; in the "Fair Registration Practices Reports"; and, in the "Career Map – Access to the Social Worker and Social Service Worker Designation in Ontario" which is posted on the website of the Ministry of Citizenship and Immigration.
5. The contact information of the Director of Registration is provided in the covering letter of the Proposal of the Registrar. The Director of Registration responds to e-mail, telephone, fax inquiries as well as visits to the office.

d) State how you ensure that no one who acted as a decision-maker in a registration decision acts as a decision-maker in an internal review or appeal of the same registration decision.

The SWSSWA sets out the powers of the Registrar or Deputy Registrar to issue certificates of registration or propose to refuse to issue certificates of registration.

The SWSSWA sets out the authority of the Registration Appeals Committee.

The Registrar and Deputy Registrar do not attend meetings of the Registration Appeals Committee. All administrative preparation and support to the Committee is provided by two administrative registration department staff who have no decision making authority.

e) Describe your internal review or appeal process.

*** SAME AS LAST YEAR ***

The SWSSWA sets out that the Registration Appeals Committee (or a Panel of the Committee) need not hold a hearing or afford to any person an opportunity for a hearing. Consequently, it is not the practice of the Committee to meet with applicants.

The Committee relies on the documents submitted on the review in order to make its determination. These documents include all the documents that were before the Registrar, the Registrar's Proposal, submissions made by the applicant on the review, and submissions on the review made on behalf of the applicant by a third party.

The Committee may, during the course of its review, determine that it requires more information from the applicant or a third party on behalf of the applicant. If this is the case, the Committee will adjourn the review and direct College staff to write to the applicant. Typically, an applicant is informed that additional information is to be received within a specified time frame. Furthermore, an applicant who is asked to contact a third party for additional information is entitled to review and make written submissions on the new information.

Once the Committee has completed its consideration of the request for review, the submissions and any other documents which the Committee determines to be relevant, the Committee makes one or more of the following orders in principle:

- Direct the Registrar to issue the appropriate certificate of registration;
- Direct the Registrar to issue the appropriate certificate of registration and to make it subject to specified terms, conditions or limitations;
- Direct the Registrar to vary specified terms, conditions or limitations in the Registrar's proposal;
- Direct the Registrar to refuse to issue a certificate of registration.

Once a decision is made in principle, a draft decision with reasons is prepared. The written decisions are detailed and address all areas that the Committee considered.

The draft decision is then brought to the Committee at a subsequent meeting for discussion, amendment or approval.

The Committee provides its decision in writing to the Registrar, with reasons, within 60 days after completing the request for review and forwards a copy to the applicant.

The covering letter of the Committee's decision provides the applicant with the contact information of the Director of Registration.

f) State the composition of the committee that makes decisions about registration, which may be called a Registration Committee or Appeals Committee: how many members does the committee have; how many committee members are members of the profession in Ontario; and how many committee members are internationally trained members of the profession in Ontario.

*** SAME AS LAST YEAR ***

Committee membership and its powers are set out in the SWSSWA. Membership is prescribed in the following manner: elected or appointed social work members, elected or appointed social service work members, and public members appointed by the Lieutenant Governor in Council. From January 2012 to December 2012, composition of the Committee consisted of: 2 public members, two elected social work Council members, one elected social service work Council member and one appointed social service work member.

The SWSSWA does not set out specific educational requirements for members of the Committee. As such, it is not known if any of the members of the Committee obtained international educational credentials.

Assessment of Qualifications (8 / 13)

This category covers your processes for assessing all qualifications, such as academic credentials, competencies, language ability or practical experience.

a) List the criteria that must be met in order for an applicant's qualifications to satisfy the entry-to-practice requirements for your profession.

*** SAME AS LAST YEAR ***

The registration requirements are the same for Canadian and internationally trained/educated individuals, with the exception of academic requirements. An applicant is defined as someone who applies for registration with the College and pays the application fee.

The requirements for registration as a Social Worker are as follows:

1. Completion of an acceptable academic program in social work. These are:

- obtained a degree in social work from a Canadian social work program accredited by the Canadian Association for Social Work Education (the "CASWE"); or
- obtained a degree in social work from a social work program offered outside Canada and assessed by the Canadian Association of Social Workers (the "CASW") to be equivalent to at least a Bachelor of Social Work obtained from a social work program accredited by the CASWE; or
- obtained a degree in social work from a social work program in the United States which has been accredited by the Council on Social Work Education (the "CSWE"); or
- has a combination of academic qualifications and experience that the Registrar determines is substantially equivalent to the qualifications required for a degree in social work from a social work program accredited by the CASWE.

2. Professional Conduct:

The applicant's past and present conduct must afford reasonable grounds for the belief that the applicant, i. is mentally competent to practise social work;

ii. will practise social work with decency, integrity and honesty and in accordance with the law, including but not limited to the Act, the regulations and the by-laws, and

iii. has sufficient knowledge, skill and judgment to practise social work.

The applicant must disclose every finding or proceeding of professional misconduct, incompetence or incapacity;

The applicant must disclose, at the time the application is made and at the time the certificate of registration is issued, every finding of guilt in relation to a criminal offence, an offence under the Controlled Drugs and Substances Act (Canada) or the Food and Drugs Act (Canada) or any other offence relevant to the applicant's suitability to practise social work.

3. Canadian citizenship, permanent residency or work authorization under the Immigration and Refugee Protection Act Canada to engage in the practice of social work.

4. Reasonable Written and Oral English or French language fluency.

5. Payment of the application fee and the registration fee.

6. Engagement in the practice of social work within the five years immediately before the date of the application or otherwise satisfy the Registrar that the applicant is competent to perform the role of a social worker. This requirement does not apply to an applicant who has obtained the academic qualifications or the academic qualifications and experience, required for registration within the five years immediately before the date of the application.

7. Amendments to the registration regulation also set out the requirements for a general certificate of registration for social work to be issued to an applicant who already holds an authorizing certificate in social work granted by a Canadian social work regulatory authority.

b) Describe the methodology used to determine whether a program completed outside of Canada satisfies the requirements for registration.

*** SAME AS LAST YEAR ***

The Registrar considers the following policies, as have been approved by Council of the College regarding social work academic credentials obtained outside Canada:

- 1 a. A social work program offered at a college or university in the United States and accredited by the CSWE as a baccalaureate or master's level social work degree program. Applicants who completed a social work program in the United States that is accredited by the CSWE do not need to have their social work academic credentials evaluated by CASW. The College maintains a current roster of social work programs accredited by the CSWE.
- 1 b. A social work program or equivalent program offered outside Canada and the United States which the applicant has submitted to the CASW for evaluation and which the CASW has evaluated as being equivalent to at least the Bachelor of Social Work obtained from a social work program accredited by the CASWE. The CASW evaluates the social work academic credentials of internationally trained/educated applicants and forwards, at the applicant's request, a letter from the CASW which confirms the outcome of the international credential assessment.
2. A social work program offered at a college or university in the United States, prior to January 1, 1975 and approved by CSWE as a baccalaureate level social work program during the years 1971 – 1974, inclusive, and subsequently accredited by CSWE as a baccalaureate level social work program.
3. "Registration Policy Regarding Academic Qualifications and Experience that is Substantially Equivalent to a Degree in Social Work" (Approved by Council on July 18, 2000). The Registrar is guided in her determination of applicants who apply for registration based on a combination of academic qualifications and practical experience.

Under the terms of the SWSSWA, the Registrar may grant a certificate of registration for social work to a person who has a combination of academic qualifications and experience that the Registrar determines is substantially equivalent to the qualifications required for a BSW from a social work program accredited by the CASWE. The following criteria are proposed to assist the Registrar in making such a determination.

1. The Applicant must possess a minimum of a university level Bachelor's degree, based on the norm of a four year first degree programme (or three years in Quebec), with a minimum of 40 percent course credits in the liberal arts, humanities and social sciences.
2. Included in this degree, or in some combination of acceptable education and training obtained outside of the degree, there must be the following content judged to be minimally equivalent to ten undergraduate university-level courses:
 - i. Knowledge related to human development and behaviour in the social environment.
 - ii. Knowledge of Canadian social work and social welfare history and social policy.
 - iii. Knowledge of the origins and dimensions of social problems in Canadian society.
 - iv. Knowledge of multiple theoretical and conceptual bases of social work knowledge and practice.
 - v. Understanding of social work's origins, purposes and practices.
 - vi. Understanding of, and ability to apply, social work values and ethics in professional situations.
 - vii. Practice methods and professional skills required for generalist practice (i.e. analysis of situations, establishing accountable relationships, intervening appropriately and evaluating one's own social work interventions) at a beginning level of competence.

- viii. Ability to undertake systematic inquiry and critical evaluation related to social work knowledge and practice.
- ix. Awareness of self in terms of values, beliefs and experiences as these impact upon social work knowledge and practice.
- x. Knowledge related to practising sensitively in a range of geographical regions and with diverse ethnic, cultural and racial populations.
- xi. Knowledge related to practising sensitively with oppressed groups in Canadian society.
- xii. Understanding of other related occupations and professions sufficient to facilitate inter-professional collaboration.

3. In addition to the formal education described above, the applicant must have practised in a situation where he/she performed the role of a social worker for at least one year. During this year the applicant must have had direct responsibility for providing social work services to individuals, groups and communities. At least 700 hours of this practice must have been supervised by a social worker.

4. In addition, the applicant may submit for consideration other types of educational experiences, provided that such educational experiences have adequately covered the essential theoretical and practical material and are judged to be at a university level. One full university course equivalent is a minimum of 75 hours.

c) Explain how work experience in the profession is assessed.

*** SAME AS LAST YEAR ***

Work experience is not an entry-to-practice requirement for registration with the College if the applicant possesses a social work degree from an accredited Canadian or American social work program, or when the CASW confirms that an international social work academic credential is equivalent to at least the Bachelor of Social Work obtained from a social work program accredited by the CASWE.

However, if the applicant obtained a social work degree from a social work program that is not accredited by the CASWE or the CSWE; or does not have an evaluation by the CASW that confirms the international social work academic credentials is evaluated as equivalent to at least a Canadian Bachelor of Social Work, or has academic credentials which are not in social work, the individual may apply to the College on the basis of having a combination of academic qualifications and experience. The Registration Policy "Regarding Academic Qualifications and Experience Substantially Equivalent to a Degree in Social Work" provides the guidelines for the Registrar's determination.

The Registration Policy states that, in addition to the formal education requirement, the applicant must have practised in a situation where he/she performed the role of a social worker for at least one year. During this year the applicant must have had direct responsibility for providing social work services to individuals, groups and communities. At least 700 hours of this practice must have been supervised by a social worker.

As noted above, the registration regulation requires that an applicant must have engaged in the practice of social work within the five years immediately before the date of the application or otherwise satisfy the Registrar that he or she is competent to perform the role of a social worker. This requirement does not apply to an applicant who has obtained the academic qualifications or the academic qualifications and experience within the five years immediately before the date of the application.

d) Describe how your organization ensures that information used in the assessment about educational

systems and credentials of applicants from outside Canada is current and accurate.

*** SAME AS LAST YEAR ***

1. The CASW: The College has a formal and informal relationship with the CASW, which is the organization, approved by Council of the College to evaluate whether an applicant's international social work academic credential is equivalent to at least a Bachelor of Social Work from a social work program accredited by the CASWE. The College receives a letter from the CASW which confirms the outcome of the credential evaluation. The CASW has informed the College that when assessing an applicant's international social work academic credentials, the evaluator visits the academic institution's website, reviews the World Guide to Social Work Education and The IASSW Directory from the International Association of Schools of Social Work, is aware of the accreditation standards of the CASWE, uses internet translation sites and from time to time, consults with social workers who have familiarity with social work practice and education in the country of origin.
2. The CSWE: The College relies on the Directory of Accredited Programs which is posted on the CSWE website.
3. All applicants: College staff has attended conferences and webinars hosted by World Education Services ("WES"), Council on Licensure, Enforcement and Regulation ("CLEAR"), Federation of Associations of Regulatory Boards ("FARB"), National Organization for Competency Assurance ("NOCA"), now known as the Institute for Credentialing Excellence ("ICE"), and the Association of Social Work Boards ("ASWB") to continue to build a knowledge base of current trends.
4. College staff, in assessing applications from applicants with diverse academic education and experience, is building knowledge and experience in this area through research and contacts with Canadian and international academic programs and accrediting bodies.

e) Describe how previous assessment decisions are used to assist in maintaining consistency when assessing credentials of applicants from the same jurisdictions or institutions.

*** SAME AS LAST YEAR ***

1. The Registration Regulation and Registration Policies define acceptable social work programs or equivalent programs that are approved and accredited.
2. Regarding applicants who: a) do not have a social work degree; or, b) obtained a social work degree from a social work program that was not accredited by the CASWE or the CSWE; or c) obtained a social work degree that was evaluated by the CASW as not being equivalent to at least a Canadian Bachelor of social work degree, the Registration Policy "Regarding Academic Qualifications and Experience Substantially Equivalent to a Degree in Social Work" sets out the criteria that an applicant must demonstrate in order for a certificate of registration to be issued.

The Registrar has made many decisions regarding applicants who have applied to the College on the basis of a combination of academic qualifications and experience. While each application is a unique combination of the applicant's academic credentials and practical experience, over time, the Registrar has established precedents that are used in her assessment of these applications.

The Registrar is guided by the language in the Registration Regulation. In order for an applicant to meet the requirements of section 7.(1) 1.iii they must demonstrate that their academic qualifications and experience is substantially equivalent - equal to the essential and material requirements of the qualifications required for a degree in social work from a social work program accredited by the CASWE. The Registration Policy is based on the standards of accreditation used by the CASWE. The foundation of these standards is a university level

academic program in social work. A substantial variance from the criteria may create inconsistencies in the Registrar's reviews.

3. The Registration Appeals Committee: The Committee has reviewed applications from applicants who applied for registration on the basis of having a combination of academic qualifications and experience. These applications are unique and complex. In the course of the Committee's growing experience, precedents have been established regarding academic courses and experience which the Committee may consider in subsequent reviews. As a note, decisions made by the Committee are forwarded to the Registrar, and may inform the Registrar's future decisions.

f) Explain how the status of an institution in its home country affects recognition of the credentials of applicants by your organization.

*** SAME AS LAST YEAR ***

1. The United States (USA): As previously indicated, the College approves social work programs offered in the U.S.A. that are accredited by the CSWE as equivalent to a social work program accredited by the CASWE.

2. International social work academic credentials: As previously indicated, the CASW evaluates whether a social work program from a country other than the United States or Canada is equivalent to at least a Bachelor of Social Work from a social work program accredited by the CASWE.

3. Applicants with no social work degree or with a social work degree that does not fit into the above two categories can apply to the College based on a combination of academic qualifications and experience. The College may refer to any the following sources:

- The website of the applicant's academic institution(s)
- Telephone, fax and correspondence with the applicant's academic institution
- The Council on Higher Education Accreditation (U.S.A.) which has hyperlinks to international education accrediting bodies
- The Education Ministry in the particular country that has jurisdiction for education
- The Canadian Information Centre for International Credentials
- The World Higher Education Data Base
- World Education Services (WES) for an anonymized Preliminary Credential Assessment

g) Describe how your organization accommodates applicants with special needs, such as visual impairment.

Special accommodations are addressed on a case by case basis. Application forms, registration guides and other materials can be made available in an alternative format at an applicant's request.

As previously indicated, the College is in compliance with the Customer Service Standard, as required under the Accessibility for Ontarians with Disabilities Act (the "AODA") which came into force on January 1, 2012.

As a note, the building in which the College is located, meets the majority of the City of Toronto Accessibility Design Guidelines.

h) State the average length of time required to complete the entire registration process, from when the process is initiated to when a registration decision is issued.

The application process does not begin until all required documents and payment of the correct fees are received at the College.

For applicants who graduated with a social work degree as set out in the Registration Regulation and Registration Policies, the College can process an application and notify the applicant of its decision within four to six weeks of receipt of all required documents and correct payment of fees.

The length of the registration process will be longer for applicants who are applying for registration based on a combination of academic qualifications and experience (i.e. were educated in a discipline other than social work or obtained an unaccredited social work degree, or obtained a social work degree that was evaluated by the CASW as not being equivalent to at least a Bachelor of social work from a social work program accredited by the CASWE. The requirements as set out in the Registration Policy are lengthy and complex. Each application is unique and requires detailed review and research.

If an applicant requests expedition of his or her application, once all required documents and correct payment are received, the College will make every effort to expedite processing of the application.

As stated above the College communicates with applicants when fees or documents have not been received. In the case of all applicants, delays in receipt of documentation from third parties (for example, academic institutions, other Canadian regulatory authorities, where applicable, or from employers, where applicable) will delay the review process.

i. State whether the average time differs for internationally trained individuals.

*** SAME AS LAST YEAR ***

No. The average time does not differ for internationally educated/trained applicants. Until the College receives all the required documents, and payment of the correct fees, the registration process does not begin.

a) If an applicant submitted their social work academic credentials to the CASW for an evaluation of their international social work academic credentials, the College proceeds after receiving the letter regarding the evaluation from the CASW.

Note: The CASW evaluation of international social work academic credentials will generally take four to five weeks after the CASW receives the fee and all required documentation from the applicant.

b) Applicants who apply to the College based on a combination of academic qualifications and experience, each have unique situations. These applications require a thorough review of all the materials submitted to the Registrar.

ii. If the average time differs for internationally trained individuals, state whether it is greater or less than the average for all applicants, and the reasons for the difference.

*** SAME AS LAST YEAR ***

N/A. The average length of time does not differ for internationally educated/trained applicants.

i) If your organization conducts credential assessments:

i. Explain how you determine the level (e.g., baccalaureate, master's, Ph.D.) of the credential presented for assessment.

*** SAME AS LAST YEAR ***

The College does not undertake credential assessments but does review academic transcripts.

ii. Describe the criteria that are applied to determine equivalency.

*** SAME AS LAST YEAR ***

Council of the College has approved three registration policies for the determination of equivalency:

1. Social Work Programs Offered Outside Canada:

1 a. A social work program offered at a college or university in the United States and accredited by the CSWE as a baccalaureate or master's level social work degree program;

1 b. A social work program or equivalent program offered outside Canada and the United States which the applicant has submitted to the CASW for evaluation and which the CASW has evaluated as being equivalent to at least the Bachelor of Social Work obtained from a social work program accredited by the CASWE.

2. A social work program offered at a college or university in the United States, prior to January 1, 1975 and approved by CSWE as a baccalaureate level social work program during the years 1971 – 1974, inclusive, and subsequently accredited by CSWE as a baccalaureate level social work program.

3. Registration Policy of the College "Regarding Academic Qualifications and Experience Substantially Equivalent to a Degree in Social Work"

Under the terms of the Social Work and Social Service Work Act, 1998, the Registrar may grant a certificate of registration for social work to a person who has a combination of academic qualifications and experience that the Registrar determines is substantially equivalent to the qualifications required for a BSW from a social work program accredited by the Canadian Association of Schools of Social Work. The following criteria are proposed to assist the Registrar in making such a determination.

1. The applicant must possess a minimum of a university level Bachelor's degree, based on the norm of a four year first degree programme (or three years in Quebec), with a minimum of 40 percent course credits in the liberal arts, humanities and social sciences.

2. Included in this degree, or in some combination of acceptable education and training obtained outside of the degree, there must be the following content judged to be minimally equivalent to ten undergraduate university-level courses:

- i. Knowledge related to human development and behaviour in the social environment.
- ii. Knowledge of Canadian social work and social welfare history and social policy.
- iii. Knowledge of the origins and dimensions of social problems in Canadian society.
- iv. Knowledge of multiple theoretical and conceptual bases of social work knowledge and practice.
- v. Understanding of social work's origins, purposes and practices.
- vi. Understanding of, and ability to apply, social work values and ethics in professional situations.
- vii. Practice methods and professional skills required for generalist practice (i.e. analysis of situations, establishing accountable relationships, intervening appropriately and evaluating one's own social work interventions) at a beginning level of competence.
- viii. Ability to undertake systematic inquiry and critical evaluation related to social work knowledge and practice.
- ix. Awareness of self in terms of values, beliefs and experiences as these impact upon social work knowledge and practice.
- x. Knowledge related to practising sensitively in a range of geographical regions and with diverse ethnic, cultural and racial populations.
- xi. Knowledge related to practising sensitively with oppressed groups in Canadian society.
- xii. Understanding of other related occupations and professions sufficient to facilitate inter-professional collaboration.

3. In addition to the formal education described above, the applicant must have practised in a situation where he/she performed the role of a social worker for at least one year. During this year the applicant must have had direct responsibility for providing social work services to individuals, groups and communities. At least 700 hours of this practice must have been supervised by a social worker.

4. In addition, the applicant may submit for consideration other types of educational experiences, provided that such educational experiences have adequately covered the essential theoretical and practical material and are judged to be at a university level. One full university course equivalent is a minimum of 75 hours.

iii. Explain how work experience is taken into account.

*** SAME AS LAST YEAR ***

The Registration Regulation requires that an applicant must have engaged in the practice of social work within the five years immediately before the date of the application or otherwise satisfy the Registrar that he or she is competent to perform the role of a social worker. This requirement does not apply to an applicant who has obtained the academic qualifications, or the academic qualifications and experience, required for registration with the College, within the five years immediately before the date of application.

Graduates of Canadian social work programs accredited by the CASWE; graduates of American social work programs accredited by the CSWE; and, graduates of international social work programs whose social work academic credentials were evaluated by the CASW as being equivalent to at least a Canadian Bachelor degree are not required to demonstrate work experience as an entry to practice requirement.

As indicated above applicants seeking registration based on a combination of academic qualifications and experience are required to demonstrate work experience by way of practise in a situation where the applicant performed the role of a social worker for at least one year. During this year the applicant must have had direct responsibility for providing social work services to individuals, groups and communities. At least 700 hours of this practice must have been supervised by a social worker.

Third-Party Organizations (9 / 13)

1. As defined in the Registration Policy regarding social work programs offered outside Canada approved by Council on December 10, 1999, the College relies on the Canadian Association of Social Workers (the "CASW") for evaluation of international social work academic credentials for individuals who were educated in countries outside Canada and the U.S.A.

2. The Registration Policy on Language Proficiency approved by Council on February 12, 2003 sets standards and criteria by which an applicant will demonstrate to the College the ability to speak and write either English or French with reasonable fluency. An applicant who answers "No" to all the Language Fluency

Questions is required to demonstrate the ability to speak and write either English or French with reasonable fluency by undertaking language proficiency testing by one of the testing systems defined by the College, and achieve the result scores set by the College. The following English language testing systems are acceptable to the College:

- TOEFL (Test of English as a Foreign Language), together with TSE (Test of Spoken English)
- IELTS (International English Language Testing System)
- MELAB- The University of Michigan(Michigan English Language Assessment Battery)
- CanTest (Faculty of Arts – Official Languages and Bilingualism Institute, University of Ottawa)

The following French language testing system is acceptable to the College:

- TestCan (Faculty of Arts – Official Languages and Bilingualism Institute, University of Ottawa.)

b) Explain what measures your organization takes to ensure that any third-party organization that it relies upon to make an assessment:

i. provides information about assessment practices to applicants

1. The CASW: The College has a formal and informal relationship with the CASW. The College Registrar and the Executive Director of the CASW meet in person or by telephone in response to specific issues. In February 2013 the CASW and College signed a memorandum of understanding.

The CASW website and application kit provide applicants with information about all the required documents (stipulating when originals are required, when photocopies are accepted and when certified translations are required), the evaluation process, the standards, criteria, communication of results, fees associated with the evaluation, and the review and appeal process. The applicant is informed that it is their responsibility to ensure that all documents are forwarded to the CASW, and that the evaluation commences only once all documents are received.

2. Language Testing Systems: The website of each of the language testing systems describes the evaluation process, the documents required, the fees associated with the testing, and the method by which the applicant will be communicated.

ii. utilizes current and accurate information about qualifications from outside Canada

*** SAME AS LAST YEAR ***

1. The CASW: The CASW researches the academic institution's website, reviews the World Guide to Social Work Education and The IASSW Directory from the International Association of Schools of Social Work, is aware of the accreditation standards of the CASWE, uses internet translation sites, and from time to time, consults with social workers who have familiarity with social work practice and education in the country of origin.

The CASW emphasizes that each application is assessed on its own merit. The CASW considers the applicant's individual program of study as well as the academic program as a whole. Degrees from the same institution and the same year are not necessarily equivalent because of the applicant's choice of program options. There may be equivalence in terms of level of the academic program, but these may not be entirely comparable in terms of social work content.

2. Language Testing Systems:

- TOEFL (Test of English as a Foreign Language), together with TSE (Test of Spoken English) – the website makes available research, reliability and validity reports, technical reports, and test and score data summaries.
- IELTS (International English Language Testing System)- the website makes available a common European Framework Report, analysis of test data, research abstracts, score processing, reporting and interpretation.
- MELAB- The University of Michigan (Michigan English Language Assessment Battery -)- the website has a research section, an on-line library, subject bibliographies, links to resources and other relevant websites, and conversation circles.
- CanTest and TestCan (Faculty of Arts – Official Languages and Bilingualism Institute, University of Ottawa) - the website makes information available about its procedures and policies.

iii. provides timely decisions, responses and reasons to applicants

1. The CASW: Once all documents have been received at the CASW the evaluation takes 4-6 weeks. The shortest review cycle was stated to be 3 weeks; the longest was stated to be one year. Delays appear to occur when applicants do not submit all the documents. There does not appear to be a process to aid applicants in obtaining hard to retrieve documents.

The CASW reports that the outcome of the assessment is stated not only in terms of level but in terms of program content. Course descriptions help in determining the meaning of terms. The CASW attempts to specify areas of knowledge that are insufficient. The CASW provides detailed information when equivalency was not attained.

The CASW reports that there is limited contact with an applicant through the process due to limited staff resources. The CASW will contact the applicant if necessary.

Upon a request from the applicant, the CASW forwards to the College, a letter which confirms the outcome of the evaluation. As requested by the College, the CASW attaches to the letter a checklist of information which addresses the following information:

- Name of Social Work Credential
- Country of Social Work Education
- Documents received
- Name of Institution awarding Social Work Credentials
- Entrance Requirements
- Date of Graduation
- Length of Practicum
- Affiliation of Institution and or Program Accreditation
- (Level of) Equivalency to Canadian Social Work Degree

The CASW provides the applicant with a personalized letter with reasons, and information about the appeal process.

2. Language Testing Systems provide information on their respective websites about the application process, communication of results, and re-testing procedures.

iv. provides training to individuals assessing qualifications

1. The College is not aware of the formal training provided to the individual(s) who conduct the evaluation.
2. Language Testing Systems: The College is not aware of formal training provided.

v. provides access to records related to the assessment to applicants

*** SAME AS LAST YEAR ***

The SWSSWA, Section 19 (1), stipulates that “The Registrar shall give an applicant for a certificate of registration, at the applicant’s request, a copy of each document the College has that is relevant to the application”. With the exception that the Registrar may refuse to give an applicant anything that may, in the Registrar’s view, jeopardize the safety of any person, the College will provide an applicant with copies of documents in the application file. This may include third party assessments.

vi. accommodates applicants with special needs, such as visual impairment

*** SAME AS LAST YEAR ***

1. The CASW: According to the CASW, there have been no requests for accommodation, but the CASW would accommodate applicants if required.
2. Language Testing Systems: The College is not aware of the accommodations made.

c) If your organization relies on a third party to conduct credential assessments:

i. Explain how the third party determines the level (e.g., baccalaureate, master’s, Ph.D.) of the credential presented for assessment.

*** SAME AS LAST YEAR ***

1. The CASW: As stated in the College Registration Policy regarding social work programs offered outside of Canada, the academic credential evaluation must confirm that an applicant’s social work credential is equivalent to at least the Bachelor of Social Work obtained from a social work program accredited by the CASWE. In equating an applicant’s education to the Canadian standard the CASW describes the following on its website:

The first level professional degree (B.S.W.) is generally a four-year undergraduate program which includes liberal arts courses (in the humanities and the natural and social sciences), social work professional courses and field practice. The general requirement is a minimum of sixty credits in the following areas: social work intervention methods, social policy, field of practice and social problems, research methods and field work (a minimum of 700 hours).

Generally stated, the objectives are “the achievement by the graduate of a level of competence adequate for

undertaking initial responsibility in general practice”.

As stated above, regarding the level of study, the CASW assesses each application on its own merit.

2. World Education Service (“WES”). WES is a member of the Alliance of Credential Evaluation Services of Canada, and indicates it is in compliance with the Alliance's standards.

ii. Describe the criteria that are applied to determine equivalency.

*** SAME AS LAST YEAR ***

1. The CASW applies the following criteria to determine equivalency:

- a). Satisfactory completion of a course of study that is not less than 3 years of full time study.
- b). The social work education must be completed at a university or professional institute accredited by a professional social work association where such accreditation is available.
- c). The social work curriculum must include content in: social work intervention methods, social policy, field of practice and social problems, research methods, and field placement (practicum) which is not less than 700 hours.
- d). The field practice should be designed to develop professional skills in social work method and integration of academic knowledge. It should be supervised by a person who is qualified as a professional social worker in the country where the education is provided”.

2. WES has developed expertise in determining the authenticity of official academic documents worldwide. When requested, WES provides confirmation regarding authenticity of the academic credentials, the level of the international academic credential in relation to the Canadian post secondary education system; and the weight (course credits and marking system) of the course content that comprises the applicant’s academic credential. The WES website outlines the requirements for an evaluation and describes these by specific country.

iii. Explain how work experience is taken into account.

*** SAME AS LAST YEAR ***

- 1.CASW: The CASW website indicates that an applicant’s work experience is not part of the evaluation.
2. WES: The College does not request an evaluation of work experience.

*** SAME AS LAST YEAR ***

The Registration Appeals Committee, as set out in the SWSSWA, makes decisions on requests for reviews (appeals).

1. The Committee conducts an annual orientation which includes the mandate of the Committee, the duties and authority as set out in the SWSSWA, the timelines within which it must comply, the Registration Regulation (Ontario Regulation 383/00), the College Registration Policies, College bylaws, and past decision precedents.

Agreements on the Recognition of Qualifications (11 / 13)

Examples of agreements on the recognition of professional qualifications include mutual recognition, reciprocity and labour mobility agreements. Such agreements may be national or international, between

regulatory bodies, associations or jurisdictions.

a) List any agreements on the recognition of qualifications that were in place during the reporting period.

*** SAME AS LAST YEAR ***

The Ontario Labour Mobility Act ("OLMA") received Royal Assent on December 15, 2009, and supports the Ontario government's ability to comply with the Agreement on Internal Trade ("AIT"). The College received an exception to AIT in the "Notice of Inconsistent Measure To Meet A Legitimate Objective Under Chapter 7 of The Agreement On Internal Trade". With this exception, the College will be able to assess on an individual basis, the academic qualifications of applicants who are certified in Alberta or Saskatchewan to determine if they have the knowledge and skills equivalent to the requirements for registration as a social worker in Ontario. The application form, the registration guide, the "In Good Standing Certificate" and the Supplemental Form Regarding Competence to Perform the Role of a Social Worker (if applicable) are available for download on the College website for individuals who already hold an authorizing certificate in social work granted by a Canadian social work regulatory authority.

b) Explain the impact of these agreements on the registration process or on applicants for registration.

*** SAME AS LAST YEAR ***

Applicants who apply to the College under the terms of the Ontario Labour Mobility Act may find it easier to become registered as a social worker in Ontario.

According to the Act, applicants who are currently registered as a social worker with a Canadian social work regulatory authority are eligible to become registered in Ontario without any "material additional training, experience, examinations or assessments", provided that they meet certain criteria for registration. In the case of applicants who are currently registered as social workers by the Alberta or Saskatchewan social work regulatory authority, the College will also assess their academic qualifications as permitted by an exception approved by the Ontario Government under the labour mobility chapter of the Agreement on Internal Trade

Once the application form, supplemental forms and the full fees are received at the College the length of time for processing the application is 4-6 weeks.

Please identify and explain the changes in your registration practices relevant to this section that occurred during the reporting year.

You can enter decimals to the tenths position only. For example, you can enter 1.5 or 7.5 but not 1.55 or 7.52.
